

AUS-NZL CHALLENGE Rules

2.13

June 2012

Introduction

1 At each Oceania Championships (or as agreed between the two nations) Australia and New Zealand will compete in a two-nation orienteering competition, known as The Australia-New Zealand Challenge (AUS-NZL Challenge).

2 The Challenge will consist of an Individual Challenge, based on the Oceania Long Distance, Middle Distance and Sprint Distance Championships, and a Relay Challenge, based on the Oceania Relay Championships.

Challenge Teams

3. The Challenge shall be conducted in M21 and W21 and any of the following age classes W-16, W-18, W-20, W21, W35, W40, W45, W50, W55, W60, W65, W70, M-16, M-18, M-20, M21, M35, M40, M45, M50, M55, M60, M65, M70. The visiting nation shall determine the actual classes to be contested in the Challenge, **with the minimum number nominated being men's and women's 21, -16, -20, 40, 50 and 60.**

4 Each nation's team will consist of three competitors only in each Challenge age class. The same three runners will compete in each individual challenge and the relay challenge. Team members must be full passport-holding citizens of the nation they are representing. Each team member may be nominated for one age class only.

5 The visiting nation is to advise the host nation of the classes to be contested at least three months prior to the Challenge and the teams are to be notified by both nations to each other and to the Oceania Championships organiser at least one month prior to the Challenge. Late team changes are permitted until forty-eight hours before the first Challenge event provided that the opposing nation's manager and the Oceania Championships organiser, are notified. Subsequently however, team changes may only be made with agreement from the opposing nation's manager and this agreement is only to be given in exceptional circumstances such as an injury.

6 Notwithstanding rule 5, a named reserve can take the place of a team member where the team member is controller, planner or co-ordinator of that particular Challenge event.

Individual Challenge

7 In each Challenge class, for each nation the times of the two fastest team members are added to give the team time. The nation with the lower team time is the winner of the class. The nation with the most class wins is the winner of the Individual Challenge.

Relay Challenge

8 For each Challenge class, the winning nation is the nation whose Challenge team is the faster. The nation with the most class wins is the winner of the Relay Challenge.

Results and Trophies

9 Where the Oceania Championships is being conducted in Australia or New Zealand, there should be a separate results display with Australian and New

Zealand team members clearly distinguished for both the Individual and Relay Challenges.

10 After each Challenge event the following major trophies will be presented, either at the event or at a suitable function that evening:

- Individual Challenge: Challenge Cup
- Relay Challenge: Brown Memorial Trophy

11 In the case of a tie, the relevant trophy will be appropriately inscribed but will remain in the possession of the defending nation.

Amendments

12 These conditions may be varied or waived from time to time by agreement between Orienteering Australia and the New Zealand Orienteering Federation.
