Notes

These selection criteria take precedence over other previously documented inconsistencies in previous documents. For clarification;

1. These selection criteria takes precedence in the event of any inconsistency with **Section 5.2 World Championships Teams - OA Operational Manual**
2. **Special consideration** may be considered in exceptional circumstances. Section 5.1.23 of the operational manual states. *The respective Selection Panel should take account of any exceptional circumstances affecting the performance of team candidates in a selection event (e.g. illness, potentially unfair aspects of course setting). Any team candidates who consider they have a case for special consideration are responsible for advising the Chairperson of the respective Selection Panel in writing.* In addition, in considering the performances of athletes at events, trials, training camps or other attendances required under these criteria, the respective national selection committees may, at their **discretion**, give weight to extenuating circumstances. In such circumstances (for example, travel delays, bereavement or personal misfortune), it is the athlete’s responsibility to submit a written application with evidence for special consideration to the Head Coach/Chair of selectors/Director of HP in a timely manner.
3. **Pre-selection** options will apply to WOC team selection. The Selection Panel has the authority to pre-select one or more individuals at any time if, in the Panel’s opinion, they have clearly demonstrated that they have a realistic prospect of placing in the top 16 of the individual races in the World Championships. Such a decision will be based on previous international championship performances, the candidate’s proposed programme of training and competition overseas, and performances in earlier selection trials (if applicable).
