

ORIENTEERING IN SCHOOLS – IT'S SOMETHING DIFFERENT!

What is Sporting Schools?

- Sporting Schools is Australia's largest school-based sports participation program, designed to foster a lifelong interest in sport and physical activity.
- The program connects schools and local sports clubs, to get more children active in their communities.
- Sport Australia funding allows approved programs to be delivered in schools **FREE OF CHARGE** - covering the purchase of equipment and resources, as well as paying for coaches, if required.

What is the Orienteering in Schools Program?

- Orienteering in Schools incorporates a **PRIMARY Program**, for students in Years 3 - 6, and a **SECONDARY Program**, for students in Year 7 and 8.
- Both offerings have been designed to give students the opportunity to **sample** a fun, safe and inclusive, modified Orienteering program on-site, in their school environment.
- Both Programs (Primary and Secondary) incorporate a series of user-friendly activities and support resources, which **seamlessly align to the Australian Curriculum (HPE and Maths), the Australian Professional Standards for Teaching and the Australian Physical Literacy Framework** using engaging, group-based, modified Orienteering activities as the vehicle for learning.

Sporting Schools
funding available!

Primary and Secondary
